## 01 PROFILE

Dedicated College Graduate with experience and adept in all stages of advanced web development. Equipped with a diverse and promising skill-set. Proficient in an assortment of technologies, including JavaScript, Node.js, React.js, PHP, and Microsoft SQL Server. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. Bilingual, hardworking, and ready to join my next team.

## 02 EMPLOYMENT HISTORY

May 2020 — Jul 2020

Caracas

### Freelance Developer

Design and Development of Management Web Application for relevant laboratory. Helped workers to manage appointments and safely store Medical Record Information. Increased efficiency in scheduling processes leading to a 20% increase in earnings

Sep 2022 — Oct 2022

Caracas

### Freelance Developer

Creation of Portafolio website for Graphic Designer. Integrated custom designs and patterns seamlessly in the design of the web page that flowed with the creative vision of the client.

Mar 2021 — Jul 2022

Guatire

### Technical Support

Branched out in my career path to work in site with company in the manufacturing field. Whilst my work was support I aided in the development of the company's intranet, specifically collaborating with user verification module and the overall design. The intranet is used by over 250 employees and helps them with many of the basic office tasks

Nov 2021 — Mar 2022

Guatire

### Layout Designer

Work with startup as a Layout Designer in over 10 projects. Learned the basics of User Experience Design in platforms like Figma and Photoshop with techniques focused on inclusive design

### 03 EDUCATION

Jul 2018 — Nov 2021  
Guarenas

#### Universidad Nacional Experimental "Antonio José de Sucre"

T.S.U. en Informática

Graduated as the first of my class. During this learning years I experimented with programming language like Java and C and developed a small application to help with population census in small, rural communities as part of my community service project
